CONCEPT 04 / LOCATION & ATMOSPHERE

A Setting That Feels Like You.

The setting is the starting point for your personal celebration.

Photo for inspiration; cover colours and lighting enhanced with AI.

01 About the Location

This Antalya hotel location offers sea-view event spaces with garden and indoor options. A suitable area will be requested for your guest count and wedding programme.

02 Our Concept

An open view towards the sea with calm, refined table styling. Welcome and dinner areas form a coherent whole; individual spaces are agreed with the hotel.

From the centre: approx. 4 km | approx. 10-15 min by car

Selected garden or ballroom, supplier approvals, setup and removal times, event duration and coordination with the banquet team. Reference: Cumhuriyet Square; traffic-dependent times.

CONCEPT 04 / DÉCOR

Flowers, Light and Elegance.

Bidino concept: decoration and floral styling with artificial flowers.

Ivory | Champagne | Sage | Bronze

01 Artificial Flowers & Table Styling

Defined artificial floral arrangements in ivory and white with subtle greenery. Champagne details and restrained table styling create an elegant overall effect.

02 Your Personal Focal Point

A sculptural asymmetric floral frame as a photo backdrop. Size, assembly and position are agreed with the hotel event team.

03 Lighting & Materials

Warm white lighting, selected vases and coordinated fabrics complete the styling. We suggest LED candles in windy conditions. Installations are attached only at approved points.

04 Designed for Guest Comfort

Reception, seating, service routes and the photo area are planned together. Décor is securely fixed, with pathways and sightlines kept clear. Furniture depends on the confirmed space.

Floral Styling: Artificial Flowers

High-quality artificial flowers are planned. Photos show existing venue styling for inspiration; they do not define the floral material or the final service scope.

CONCEPT 04 / MUSIC, PHOTOGRAPHY & VIDEO

The Right Rhythm for Every Moment.

From the welcome to the first dance: a day planned around you.

01 Music, DJ & Entertainment

Elegant lounge music for the welcome, gentle dinner accompaniment and a DJ programme tailored to your guests within the hotel's confirmed hours. Entrance music, your first dance and favourite songs are agreed in advance. Live performances can be arranged separately on request.

02 Photography & Video

Panoramic shots, carefully styled details and personal portraits. Photo locations and working times are coordinated with the hotel. Couple portraits, group photos and wedding highlights are planned. Coverage duration, film length and delivery format are agreed with you. Drone filming requires separate review.

AN EXAMPLE WEDDING FLOW

01	**Welcome**	Welcoming your guests and capturing the first memories.
02	**Ceremony**	An optional symbolic ceremony, arranged separately.
03	**Wedding Dinner**	Your wedding menu, speeches and time together.
04	**First Dance**	Your first dance, followed by the DJ celebration.

This is an example, not a fixed schedule. Light, meal service, event duration and the permitted music finishing time determine the final sequence.

CONCEPT 04 / FOOD & DRINKS

Flavours Chosen by You.

The scope of food and drinks will be discussed and agreed separately.

All-inclusive or a Tailored Selection?

An all-inclusive scope is not assumed. Food, drinks, service hours and selection options are defined only after discussion with you and the venue.

01 Flavours for This Concept

The hotel’s official wedding information requires a gala dinner. Menu planning follows this basis; courses, the drinks model and service scope are agreed with the banquet team.

02 Service Options

A served menu for a structured flow, a buffet for more choice, or a cocktail reception with small bites can be discussed. Options depend on what the venue offers.

03 Defining the Drinks Service

Welcome drinks, water, soft drinks, coffee and tea, plus selected alcoholic drinks on request. Brands, serving hours, quantities and any bar service are explicitly agreed.

04 Looking After Every Guest

Vegetarian and vegan preferences, allergies, intolerances and children’s meals are collected in advance. Feasibility and allergen handling are agreed directly with the kitchen.

What We Will Agree Together

A written menu and drinks definition, including service format and hours. This agreement provides the basis for further wedding planning.
